First-time visitor goals,

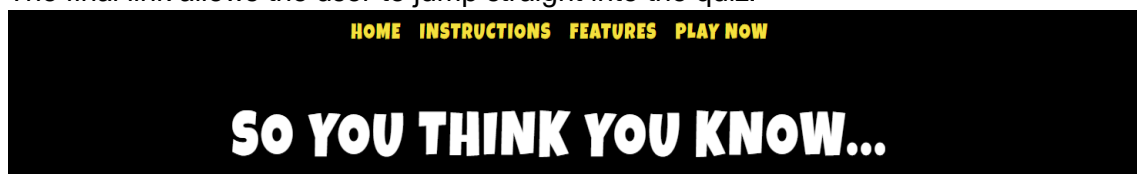

As a first-time visitor, I want some introduction to help me understand the purpose of the project.

- a. Landing page has a hero-image with a small introduction to the project below the hero image.

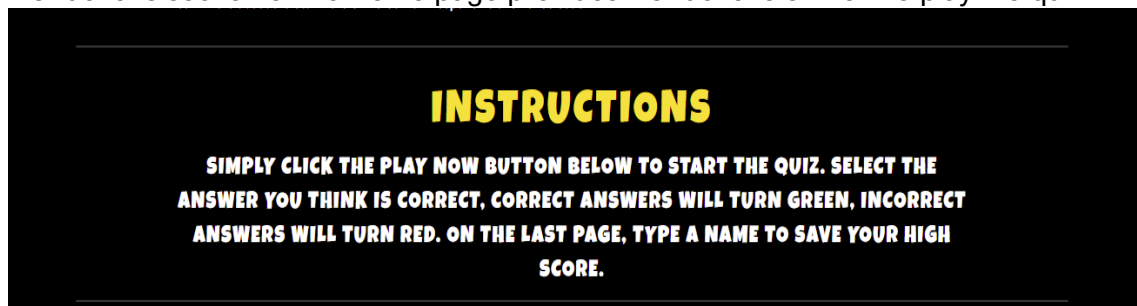

As a first-time visitor, I want to be able to navigate to the relevant section I am looking for without having to scroll.

- a. Landing page has a Navbar, that links back to the Home page, and sections of the Home page. The final link allows the user to jump straight into the quiz.

As a first-time visitor, I want to be able to see some instructions on how to play, before starting the game.

- a. Instructions section of the Home page provides instructions on how to play the quiz.

As a first-time visitor, I would like to see some familiarity with the movies, with either sounds or images.

- a. Hero-image has the original Star-Wars logo, sounds will be implemented in the future.

As a first-time visitor, I would like to select an answer and know if I selected the correct or incorrect answer with a visual response.

- a. Selected answers have CSS classes applied to answer containers, Correct answers are Green, Incorrect are Red.
